

Build a Print-Rich Environment with Bulletin Boards!

August 2026

Ages 0-3

Beep! Beep!

Cover the bulletin board with green paper or fabric. Cut strips of black paper for roads and mark white dashes down the center with chalk. Attach the roads to the board. Cut small paper plates in half. Invite each child to paint or color on a half plate. Cut small black circles for wheels and let each child attach two to the straight edge to make a car. Attach the cars to the board. Add the caption "Beep! Beep!"

Ages 3-5

We're Ready for Vacation!

Cover your bulletin board with light-colored paper. Print vacation clip art from the Internet, and attach the pictures around the edges of the board. You might wish to create additional cutouts, such as palm trees, as well. Attach photos of the children to the board, and add the title "We're Ready for Vacation!"

Ages 3-5

Rounding Up a Great Group!

Cover your bulletin board with colorful paper and add a decorative border, if desired. Attach a photo of each child to the board. Attach rope or thick string around the photos to resemble a lasso. Add the title "Rounding Up a Great Group!"
