

Build a Print-Rich Environment with Bulletin Boards!

March 2026

Ages 0-3

Spring Wreath

Coat the children's hands with pastel colors of paint and have them make handprints on construction paper. Let dry. Loosely cut around the handprints. Arrange the handprints in a ring on a sheet of poster board. Write or cut letters for the caption "Welcome Spring!" Display the poster board on the door of your room or on a wall.

Ages 3-5

Oceans of Fun!

Cover your bulletin board with blue paper to represent the ocean. Use colored paper or twisted streamers to create seaweed and coral. Ask children to name a favorite sea creature. Print outlines of the creatures from the Internet for children to color. Have them cut out their creatures, and then attach them to the board. Add the title "Oceans of Fun!"

Ages 3-5

Welcome, Spring!

Cover your bulletin board with blue and green paper to represent the sky and grass. Invite children to press their hands into paint and then stamp them onto white paper. Let dry, and cut around the handprints. Attach the handprints to the board as flowers, and invite children to help you paint stems and leaves. Add the title "Welcome, Spring!"
