Infants and toddlers love messy art! This theme invites them to explore different art processes while using traditional and unexpected art tools. They'll also have fun singing, dancing, and experimenting with music.

### Nature Rocks!

Natural beauty is all around us! Our job is to protect and care for it. This theme focuses on ways we can keep our world beautiful, such as disposing of trash properly, turning off lights and water when we're not using them, recycling, reusing, and planting flowers and trees.

## Learn with Me!

### Silly Sounds

Have fun making silly sounds! Click your tongue, smack your lips, or make another sound. See if your child will imitate. Try imitating sounds your child makes too.

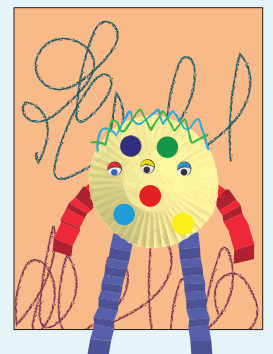

### Earth Friends

Help your child practice earth-friendly habits. Hold them up to turn off the lights as you leave a room. Let them help turn off the water when washing hands or brushing teeth.

### My Project: My Silly Creature

When I bring this project home, we can:

- Talk about the creature I made. Feel the textures of the materials with me.
- Find the eyes on the creature. Find other body parts on me together.
- Play a silly game of puppets together.

*Graphics are intended to show samples of projects.  
Materials may be substituted or used differently.*
